0TF663A00

www.dell.com | support.dell.com

1 - Dell Host PC and Integrator sold separately

Continued

5 Connect one AC pass-through power cord to hub and Host PC. Connect other AC pass-through power cord to hub and monitor.
NOTE: Do not connect AC pass-through connectors to other devices without checking the *Product Information Guide*

6 Connect USB cable to hub and Host PC

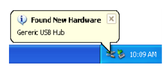

7 Connect peripheral[2] cables to peripherals and then hub when hot-plugging. NOTE: This order must be observed or damage may result to peripherals and/or hub

8 Turn power switch on. Ensure green "Status" LED is illuminated

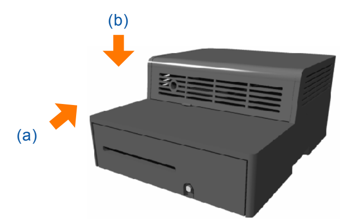

(Windows XP)

(Windows 2000)

9 Allow Windows to install drivers for devices. Ensure green "Host" and green "Port" LEDs are illuminated. Amber "Port" LEDs indicate over-current

10 If Integrator is used, slide Integrator tray in (a) and replace cover (b)

February 2006

2 - Cables not included. Peripherals sold separately.
